Connecting Healthcare Innovations, Investors & Industry

MICHAEL SCHRÖTER, Dr.

**Founding Partner
Viopas Partners**

Michael is a passionate advocate of sustainable healthcare. He is a founding partner of Viopas Partners AG specialized in sustainable healthcare investments in publicly listed equities and venture companies.

Prior to Viopas, Michael was at Roche responsible for establishing sustainable innovative pricing models with payers globally. Previously he set-up and led research and translational medicine units at both Roche and Eli Lilly and was responsible for the innovation sourcing and co-development activities with global academic centers of excellence. He served on the board of start-up biotech and medical technology companies.

Michael holds a PhD in biochemistry and immunology from the University of Lausanne and an MBA from IMD.
